Allure Waikiki

Notes and Clarifications:

This submittal is for the door bell system.

We are submitting on a NuTone door bell system. To our knowledge, there is no specification on the product in the contract documents. Thus, we are submitting on NuTone products that have been acceptable in past similar projects. Please advise if the submitted system is acceptable.

Generally, if specific comments are not provided to our comments in the returned submittal, we will assume that our Notes and Clarifications are acceptable.

PROJECT:	Allure Waikiki Honolulu, Hawaii
DATE:	January 27, 2009
ARCHITECT:	Architects Hawaii
CONTRACTOR:	Charles Pankow Builders, Ltd. 1881 Kalakaua Avenue Honolulu, Hawaii 96815

NuTone Ultra Silent Fan Commercial

Wired Chimes
Transformers & Chime Wire

C905 Transformer
Model C905

- Quick Install Transformers, Built to Last
- 16-Volt, 10VA Transformers for use with most NuTone door chimes
- 16-Volt 10VA for a single chime
- Sold in packs of 6

Not all transformers are equal. In fact, our transformers feature easy-to-install lock-mount or wall-mount that can reduce installation time by 25%. A second unique feature that provides added reassurance is the thermal cut-off switch designed to shut off the door chime system in the event of excessive temperature.

Contact your local dealer for pricing information on all NuTone products except range hoods.

Additional Models Available:

C915	C915 Transformer
C909	C909 Transformer
C907	C907 Transformer
C905	C905 Transformer
